INDEPENDENCE ANNIVERSARY ISSUE

October 2010

From the President's Desk

Welcome back from a wonderful summer vacation. I hope you have enjoyed the sunshine as we prepare for the autumn and winter months ahead.

In September the Seniors Group took a journey through the Underground Railroad with a Trip to Uncle Tom's Cabin Historic Site, the Chatham-Kent Black Historical Society featuring the Black Mecca and the Buxton National Historical Site and Museum. Everyone enjoyed the experience and is looking forward to the next trip.

Thanks to all who participated in this event and special thanks to the committee members which include Edna Hunte, Adina James, Ivan Richards and Grafton Bibby for their committed efforts in making this trip possible.

We will now prepare for our Independence Celebrations activities which will commence on October 24th, 2010 with our Annual Thanksgiving Church Service at the Rosewood Church of the Nazarene located at 657 Milner Avenue in Scarborough, starting at 4:00 p.m. All are welcome and encourage to attend.

Following the Church Service, the Independence Banquet will be held on Saturday, October 30th, 2010 starting at 6:00 p.m. at the Riviera Parque Dining, Banquet & Convention Centre, 2800 Hwy 7 West, Concord, Ontario. The Right Honourable Dr. Alvin Curling will deliver the feature address. Among other invited guests is Sophia Young, WNBA professional basketball player with San Antonio Silver Stars who will join us in this year's celebration.

Ms. Young will also be our keynote speaker on Sunday, October 31st, 2010 at the Community Symposium at the York Civic Centre, 2700 Eglinton Avenue West, Toronto. All are invited to attend this very special event as we discuss the future of our young men and women. Other panel members for the evening's event include Sergeant Theron Mounsey of the Durham Regional Police Services and Dr. Bob Sutton of the Hospital for Sick Children.

Our next event is the Children's Christmas party to be held on Sunday, December 5th, 2010 at the Northwood Community Centre. Please register your children early by contacting any member of the executive. Registration closes on November 15th, 2010.

The SVGAT continues to support families in our community during the Christmas Season by distributing several gift baskets to homes in need. This program has greatly impacted the lives of many Vincentian Nationals here in Toronto. If you would like to contribute to this program please contact any member of the executive with your donations.

Please take a look at our Calendar of Events on Page 4, or visit our website to see how you can contribute and participate in upcoming events.

I encourage your continued support and we look forward to working closely with you as we continue to make strides in moving the Association forward.

Sincerely,
Audrey Lewis, President

CONSUL GENERAL APPEALS TO SVG NATIONALS IN CANADA

Mr. Steve Phillips, St. Vincent and the Grenadines' Consul General to Toronto has made an appeal to SVG nationals living in Canada to exercise better options in applying for residency in Canada and for obtaining new SVG passports. Mr. Phillips made the appeal as he was addressing the audience at the Union Island Cultural Association's Thanksgiving Brunch on October 11, 2010.

The Consul General noted that St. Vincent and the Grenadines was second to Haiti on the list of persons requesting Refugee Claims for stay in Canada. This growing number of applicants claiming refugee status has long been a concern to the Government of St. Vincent and the Grenadines. Currently, St. Vincent and the Grenadines is one of the few Caribbean countries whose nationals do not require a Visitor's Visa to enter Canada. The growing number of applicants poses a threat to our nationals continuing to have this privilege. Mr. Phillips is appealing to our nationals to discontinue this practice as it will cause those SVG nationals who wish to travel to Canada for legitimate visits undue and unnecessary inconvenience.

With regards to passports, Consul General Phillips noted that there are a considerable number of our nationals that are applying for SVG passports outside of the Toronto Consulate. He indicated that this was an illegal process as the Consulate, located at 601 – 333 Wilson Avenue, Toronto, is the only location in Canada through which applications for new or renewal of passports for persons living in Canada can be made. According to Mr. Phillips, passports sent by way of mail, courier or on the person of someone else beside the person named in the document will be confiscated by Canadian immigration authorities if discovered.

The Consulate can be contacted by telephone at 416-398-4277.

FLIGHTS TO AND FROM CANOUAN RESUMED

Regional airline LIAT announced the resumption of flights to and from Canouan on Wednesday, September 22.

The Company suspended services to the island on August 26 due to a downgrade of the fire services at the Canouan Jetport. The fire service, which had been downgraded to category two, is now upgraded to category 5, which is the minimum requirement for LIAT to fly to any destination.

LIAT operates a total of six flights to Canouan each week – two on Fridays, two on Saturdays and two on Sundays. The flights all originate in Barbados.

PLEA FOR HELP FOR KIDNEY PATIENT

by Denika Compton (Searchlight)

An urgent cry for help has come from the male medical ward of the Milton Cato Memorial Hospital. The cry comes from 42-year-old Kenvert Cyrus of Mt. Bentinck, Georgetown, who is suffering from End Stage Renal Disease (ESRD). This means that his kidneys are not functioning at the level that they are supposed to, due to shrinkage.

Cyrus said that he first saw symptoms on April 12, 2009. At first, he underwent peritoneal dialysis to clean his blood, but he is no longer able to do this as he picked up an infection in the tube used for peritoneal dialysis, and it cannot be replaced at the moment. He now has to do haemodialysis, which is more costly and requires him to go to Trinidad where he would have the procedure three times a week.

He said that he has been teaching for the past 20 years and is thinking about asking the St. Vincent and the Grenadines Teachers Union (SVGTU) for help. He is also encouraging the government to get the diagnostic centre, now under construction in Georgetown, up and working. In his view, it will be easier to access and less expensive, given that patients would not have to go out of the country for treatment. He also said that it would give kidney patients a little more satisfaction.

Hannif Sutherland, a friend of Cyrus, said that he is doing all that he can to make sure that Cyrus' quality of life is bearable. He has set up a website: www.kennycyrus.com to raise awareness about Cyrus' plight and to help to raise funds. He has also started a Face book campaign and will be setting up a blog which Kenvert will be able to update.

Anyone wishing to donate to this cause can do so through an NCB account #1101997, or by contacting Kenvert or his fiancé, Annis Lavia at 527-6225 and 532-7904, respectively.

VINLEC Emphasising Safety

(Jeff Thompson – The Vincentian)

This country's electricity provider is placing emphasis on safety. Chief Executive Officer of the statutory corporation, Mr. Thornley Myers, highlighted this approach Sunday 19 September at fifth annual safety week opening.

"Your life is valuable, safety is advisable" was the theme of VINLEC's 2010 Safety and Health Week.

Myers told those present that the company spent close to EC\$2M this year towards employee safety and the assets of the company.

"This year alone, we have spent in excess of EC\$1M in fire protection. Those of you, who are familiar with our operations, would know over recent years, we had a few incidents that highlighted some of the weaknesses in our structure – in our protection of our assets. And in 2010, we dedicated over a million dollars towards greater security and safety to our assets."

Myers said: “we’re talking about the protection of life – the protection of human resource – but also we must look to protect the physical assets that we have because they are a part of what keep this business going.”

While exhorting VINLEC staffers to strive for zero accident, Myers implored them to employ better safety measures at work and at home. He pointed out that in the 1990s the company introduced a safety officer as part of its organizational structure.

Regional collaboration

VINLEC was collaborating at the regional level to ensure that its employees were properly trained and equipped. “We have been working with the Caribbean Association of Electricity Companies (CARILEC) in developing a standardized linesman programme, which will roll out very early in the New Year,” Myers interjected. He pointed out that VINLEC’s employees travel to neighbouring utilities to restore lines damaged by hurricanes.

VINLEC as a member of CARILEC had been trying to get the regional association to regularise its programme so that when VINLEC linesmen and other personnel travel to other member territories “they know that they are going to work with people, who are as trained or better trained than they are. It is an important aspect of our safety and safety of our employees”.

Life valuable

Deputy Director of the National Insurance Services, Minerva Glasgow, stressed that that safety was advisable because life was valuable. She said lives should not be a cost for working. According to her, persons leave for work with the intention of returning home safely after work.

“Occupational health and safety is about preserving and protecting the lives of your employees. It is about the human costs. When one worker in St. Vincent and the Grenadines gets seriously injured, it does not only impact on that worker, his immediate family and the potential for future work, but it also affects workplace productivity, competitiveness and ultimately, the welfare of society at large. There is a cost involved,” Glasgow said.

SVG IN ELECTION MODE

Although general elections are not constitutionally due until March 2011, it is safe to state that St. Vincent and the Grenadines is in election mode. The two major political parties, United Labour Party (ULP) which has governed the country since 2002 is looking for a third term while the New Democratic Party (NDP), the Opposition in the House of Parliament that ruled the country for 17 years prior to 2002 is looking to unseat the ULP.

Currently, the country is divided into 15 constituencies but there is a move by the government to have it increased to 17. The matter is in court as the opposition party is trying to block the increase.

CDF TO SUPPORT NEW INTERNATIONAL AIRPORT CONSTRUCTION

BRIDGETOWN, Barbados -- The board of directors of the CARICOM Development Fund (CDF) has approved a country assistance programme (CAP) to the government of St Vincent and the Grenadines for US\$4,210,000 to be used by the Argyle International Airport Development Company.

The CAP makes provisions for a grant of US\$1,640,000 and a concessional loan of US\$2,570,000.

In announcing the board’s decision, the chief executive officer, Ambassador Lorne McDonnough, noted that the funds approved will allow for the acquisition of equipment to facilitate the runway paving works, which will commence in the first quarter of 2011.

The CDF, he said, will also provide US\$1,000,000 for the supply and installation of runway lights and emergency generators.

The new Argyle Airport will provide St Vincent and the Grenadines with direct regional and international jet air access to CARICOM, North America and Europe.

This development, McDonnough said, will reduce a disparity that places the people of St Vincent and the Grenadines at a disadvantage within CARICOM and could constrain their economic development and their ability to participate effectively in the CARICOM Single Market and Economy (CSME).

IMMIGRATION MATTERS

Changes to Immigration Policies and Procedures

Contributed by: Sandra Sutherland, CCIC

There has been a lot of media attention regarding changes to immigration regulations, policies and procedures during this 2010 year. These changes range from the reduction of national occupation (NOC) list for the Federal Skilled Workers program, amendments to the Foreign Workers program, imposed limitations for employers hiring a living a live-in-caregiver under the Live-in-Caregiver program, redefinition of the term “bad faith” relationships as it applies to the sponsorship of spouses, common-law partners and adopted children, and most recently, a new Refugee Reform.

The new Refugee Reform received royal assent on June 29, 2010 and imposes new refugee rules, which should be implemented in the next few months which is expected to speed up the refugee process. Generally a Refugee claim takes an average of 18 months to finalize. Jason Kenney, our immigration minister, would like to have the entire processing period reduced to about 90 days.

The new Refugee Rules will be implemented to overhaul the current system and set up a new system. The new system

will bring about the creation of a Refugee Appeal Division (RAD) that is similar to the Immigration Appeal Division whereby sponsors can appeal the decisions of immigration officers. The RAD would allow failed refugee claimants to appeal their negative decision of the deciding member/judge. The decisions for these appeals are expected to be rendered in about 120 days.

Another critical change involves the designation of certain countries as a Safe Country of Origin (SCO). At present, it is uncertain exactly what criteria shall be used in defining determining what constitutes safety. Claimants from these SCO's will very likely have their claims and appeals expedited. So instead of the average 90-day processing period, refugee claims will be finalized in about 60 days and appeals in about 30 day instead of 120 days. Will St. Vincent and the Grenadines be classified as a SCO? If so, claims from SVG may drastically decline.

Humanitarian and Compassionate cases will also be affected by the implementation of the new refugee rules. With the implementation of the new refugee rules, come changes to the assessment of personalized risks (to a person's security and life upon his/her return to their home country) as a hardship factor in Humanitarian & Compassionate (H&C) cases. Currently, a failed refugee claimant could submit an application for permanent residency under humanitarian and compassionate grounds by expressing fears relating a risk to his life and/or security upon his return home. Once the new rules have been implemented, a H&C applicant would be barred from having this fear considered as a hardship in returning home because immigration officials will no longer assess this factor.

Our immigration minister has been hard at work in 2010. Why did Citizenship and Immigration introduce so many changes and in such haste? What do these changes mean to you? How will they affect you and our community? What other changes awaits us in 2011? Talk to your politicians, get the real facts, stay informed, and lobby in support of or against any further changes. Take a stance and be proactive in the redefinition of our immigration and refugee system.

LEADERSHIP FOR 2011 AND BEYOND

As the end of the year approaches it is time for us to reflect on the leadership team that we have to put in place to do the work required in order for us to have a good working organization. Quite often many of us criticize those who take on the responsibility but we do not come forward to try to make things better. Our organization and community need the support of those who can make them more effective. Please give it your prayerful consideration and assist in building both your organization and community. A new leadership team is to be elected on January 30th at the Annual General Meeting.
